6. How do you say 'smartphone' in French?
7. What is 'logiciel' in technology French?
8. Define: ordinateur
9. Define: internet
10. Define: logiciel

Answer Key

1. B) a computer — 'Ordinateur' is computer. 'Imprimante' is printer. 'Souris' is mouse. 'Moniteur' is monitor.
2. C) internet — 'Internet' is internet. It's used the same way in French and English for the global network.
3. C) software programs — 'Logiciel' means software—programs and applications. 'Matériel' refers to hardware.
4. B) clavier — 'Clavier' is keyboard. 'Écran' is screen. 'Souris' is mouse. 'Moniteur' is monitor.
5. 'Ordinateur' is the French word for computer—an electronic device for processing data.
Example: Mon ordinateur est très rapide. (My computer is very fast.)
6. 'Téléphone intelligent' or 'smartphone' refers to an intelligent/smart phone. Example: Je consulte mon téléphone intelligent chaque jour. (I check my smartphone every day.)
7. 'Logiciel' means software—computer programs and applications. Example: Ce logiciel est très utile pour mon travail. (This software is very useful for my work.)
8. computer; electronic data-processing device
9. internet; global network of computers
10. software; computer programs and applications
